## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary. It is expressly understood that diversion of water under this permit shall cease immediately upon notification from the State Engineer that a shortage of water exists in the source herein described or that such water is needed to satisfy prior existing rights on the stream system. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed

Three & 2/10 cubic feet per second. (3.2)

Actual construction work shall begin on or before June 13, 1917.

Proof of commencement of work shall be filed before July 13, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before June 13, 1918.

Application of water to beneficial use shall be made on or before June 13, 1923. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 13, 1923.

Proof of labor filed JUL 13 1917

Map filed APR - 4 1918

Proof of completion of work filed JUL 17 1918

WITNESS MY HAND AND SEAL this 13th day

of March, 1917.

Cancelled NOV 1 1939 because of failure

of applicant to comply with the provisions of permit

State Engineer.
